

## Sweet Manufacturing Engineering Team Wins Ohio New Product Award!

Sweet Manufacturing's engineering team has won the Ohio New Product Award from the Ohio Society of Professional Engineers (OSPE) for their introduction and creation of the Flite-Veyor® Low Profile Drag 12 Series Conveyor.

The Flite-Veyor® Low Profile Drag 12 Series Conveyor is a revolutionary new conveyor system designed to meet the needs of modern manufacturing and distribution facilities. The conveyor is lightweight, durable, and easy to maintain, making it an ideal solution for a variety of applications.

The OSPE New Product Award is a prestigious award that recognizes outstanding achievement in the development of new products or services. The award is given to products or services that demonstrate innovation, creativity, and a commitment to excellence.

"We are honored to receive the Ohio New Product Award from the Ohio Society of Professional Engineers," said Chris Smith, VP of Engineering at Sweet. "This award is a testament to the hard work and dedication of our engineering team, and we are proud to be recognized for our commitment to innovation."

The Flite-Veyor® Low Profile Drag 12 Series Conveyor is available now from Sweet Manufacturing. For more information, visit our website or contact a sales representative [HERE](#) today.

## SWEET EXCLUSIVE

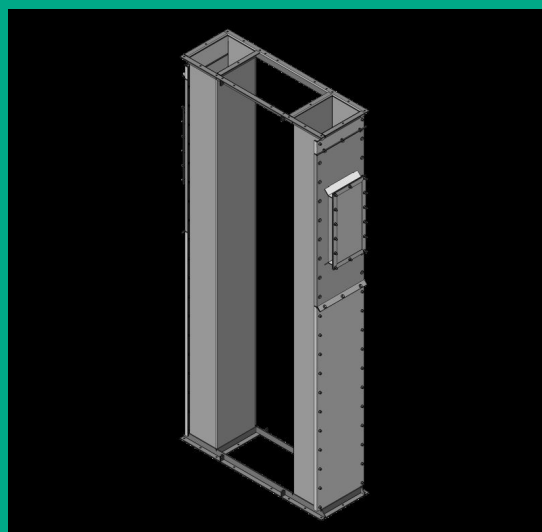

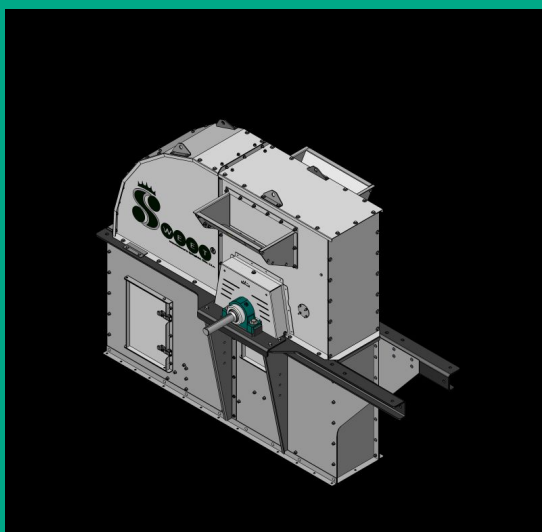

### June 2024 Edition of World Grain Featuring Sweet Manufacturing Company

Sweet Manufacturing and Bruce Supplies were recently featured in World Grain magazine for their collaboration on an innovative enclosed belt conveyor installation at United Farmers Mercantile CO-OP. In September 2023, NEW Cooperative merged with United Farmers. The article highlighted the successful partnership between the two companies, showcasing their expertise in designing and implementing efficient and reliable grain handling solutions. The enclosed belt conveyor system was praised for its ability to minimize dust emissions, reduce energy consumption, and improve overall safety and efficiency at the facility.

## SILVER-SWEET® QL SERIES BUCKET ELEVATOR EXPLOSION VENTS

Bucket elevators can explode due to accumulated combustible dust. Explosion vents act as a safety release, rupturing at a specific pressure level to divert the force of the explosion away from the elevator and surrounding equipment. Silver-Sweet® QL Series Bucket Elevators now offer explosion vents as an option for a controlled release path.

## TALES FROM THE FIELD

### On The Road to Visit Our Top Dealers

The Sweet Sales Team members recently had the pleasure of visiting a few of our Top Dealers to present them with their awards in person. It was an opportunity to recognize their outstanding achievements and express our gratitude for their partnership.

We were able to connect with our dealers personally and strengthen our relationships. We also gained valuable insights that will help us better serve our customers in the future. The Sweet Sales Team will be back on the road next week to continue our Top Dealer visits! Stay tuned for more Tales from the Field in the next Sweet Talk!

Midplains Crane Works | April 17, 2024  
Bancroft, Nebraska

Bruce Supplies and Construction | April 17, 2024  
Red Oak, Iowa

AMAC Systems & Equipment | May 1, 2024  
Sacramento, California

Obermeyer Agri Group | May 2, 2024  
Greensburg, Indiana

K&S Millwrights | May 17, 2024 | Johnstown, Ohio

Circle H Construction | June 20, 2024  
Guymon, Oklahoma

Farmac Industries | June 21, 2024 | Canyon, Texas

Rice Market & Technology Convention | June 4-6, 2024  
Cancun, Mexico

Everson's recent trip to the Rice Market & Technology Convention provided a valuable opportunity to connect with industry partners and gain insights into the latest trends, projects, and challenges. It was inspiring to witness the innovative technologies and solutions being developed to address various issues in the rice sector. The discussions and collaborations during the event highlighted the importance of collective efforts in ensuring sustainable rice production and ensuring food security.

## SWEET SPOTLIGHT

**Congratulations to our Sweet Anniversaries!**

Congratulations to Dwayne on his remarkable five-year anniversary as Vice President of Manufacturing. His leadership, dedication, and unwavering commitment to excellence have played a pivotal role in our company's growth and success. His contributions have left an indelible mark on Sweet Manufacturing, and we are grateful to have him as part of our team. Congratulations once again, Dwayne!

Congratulations to Brian Mowery for 20 years of service to Sweet. Brian joined the Sweet Team back in June of 2004 as a member of the shipping and receiving department. In 2012, Brian became our Team Leader for shipping. Then last June, Brian was promoted to be our Shipping & Receiving Manager. We appreciate his dedication to the Sweet Family and his fellow workers but also his leadership and outstanding service to our customers and dealers. Many of our customers have developed a close relationship with Brian and have helped him grow into his current leadership role. Thank you, Brian, for your expertise and valued loyalty to us all!
